Learn Skills & Get In The Loop! Skill building and issue-based workshops will be offered from 10-11:30am and from 1:30 to 2:30pm on topics like Legislative 101/citizen advocacy, reproductive rights in the 2011 session, what the constitution means for you, education in the 2011 session, and the struggles of working women in Montana.

Be Part of the Status of Women in the 2011 Session Lunch! Meet women legislators over lunch and learn what is happening this session around issues important to women and families like: economic self-sufficiency, environmental health, education, reproductive rights, health care, human rights, domestic violence and sexual assault and voter access. Your participation will send a strong message that the women of Montana are watching!

Advocate! Montana Women Vote encourages you to advocate for issues you care about. Perhaps you want to attend a hearing or speak to your legislator. Not sure how? Don't Worry! We will help demystify the marble halls so you can have your voice heard.

Put On Your Purple! Please wear purple, so we can color the halls with our presence.

RSVP Today! You won't want to miss it! To RSVP or for more info, contact Alysha at info@montanawomenvote.org or 543-3550 x 214. Carpools from several communities. Event free.
